LOAF - League Of Augmented Folk. AP activist group. Represent all of the affected individuals not just the ones with overt powers. They mostly argue for equal rights.

ACE – Augmented Citizens Entente. Association of powered vigilantes who cooperate to avoid accidental conflict amongst themselves. Support the rights of APs & the benefits of having them work for good.

BAST – Brother, And Sisterhood of Transhumans. Organisation to forcibly support the rights of APs. At the most extreme supports “AP Supremacy” and enhanced rights for APs. The least militant members maintain that they have to react forcibly to prevent attacks on APs.

A Note on Terms:

Augmented Person, AP is the approved term for people who have been in contact with the MPD and have been altered by it.

The members of BAST refer to themselves as ***Transhumans*** and describe themselves as the next evolution of the human race. This is sometimes used by others usually to refer to people with useful and potent powers.

APs are often derisively called ***Misfits***
